

PROPULSIO 360°

WHY CHOOSE PROPULSIO 360 FOR YOUR BILL 25 COMPLIANCE?

Protection of personal information

At Propulsio 360, we support you in drawing up a **clear, precise compliance action plan**, specifically tailored to your company's practices. This plan is supported by a **detailed analysis of your current practices**, giving you a complete overview to move forward with confidence.

WHO CAN BENEFIT FROM THE BILL 25 ACTION PLAN?

- Our service is aimed at any organization wishing to comply with the new requirements of Bill 25, but unsure of the best way to start or prioritize its actions.
- It is also designed for organizations wishing to assess the current state of their practices.

Compliance with privacy legislation begins with an inventory of the information collected and the practices in place within the organization. We take charge of this analysis and produce a customized action plan.

1. EXPLORATORY MEETING

30 min (free)

- Introduction to our service and discussion of your specific needs.
- Brief introduction to the key concepts of privacy legislation.
- Transmission of a fixed-price offer for the service.

2. FIRST MEETING

1h30 to 2h

- Brief presentation of the central concepts of the act respecting the protection of personal information.
- Preliminary analysis (Personal information inventory and life cycle). Targeted questioning process to gather the information required for our analysis.

3. OUR ANALYSIS

- Summary of missing information and documents to be provided.
- Personalized support to obtain this information, if required.
- Drafting of the compliance plan and supporting documents.

4. SUMMARY MEETING

Presentation of the compliance plan and supporting documents

- Presentation of the plan and actions to be taken.
- Overview of supporting documents, as required.
- Review of next steps.

Transmission of action plan and supporting documents.

NEXT STEPS?
